Such suspension shall be immediately lifted once the underlying issue is mitigated.

15.2 Governing Law; Venue. This Agreement shall be governed by and construed in accordance with the laws of the State of New York, without giving effect to conflict of law rules, for the purpose of any action, suit or proceeding arising out of or relating to this Agreement. However, each party will have the right at any time to seek a temporary or permanent injunction or other equitable remedy or relief in any court having subject matter jurisdiction. Each party unconditionally and irrevocably submits to the exclusive jurisdiction of the state and federal courts located in New York City, New York for the purpose of any action, suit or proceeding arising out of or relating to this Agreement. However, each party will have the right at any time to seek a temporary or permanent injunction or other equitable remedy or relief in any court having subject matter jurisdiction.

15.3 Trade Compliance. The export, re-export, or in-country transfer of the Coalfire products and information may be subject to the export laws and regulations of the U.S. and other jurisdictions including, but not limited to, the U.S. Export Administration Regulations. The export or re-export of Coalfire products and information in violation of the foregoing laws and regulations is strictly prohibited. Client agrees that it will comply with all applicable export or import control laws and regulations and obtain appropriate U.S. and foreign governmental authorizations before exporting, re-exporting, importing, transferring or using the Coalfire products and information. The Coalfire products and information may be subject to import, distribution, transfer, or use restrictions for which Client is solely responsible. The Coalfire products and information are prohibited for export or re-export to Cuba, North Korea, Iran, Syria, the Crimea Region of Ukraine and to any other country or region subject to trade sanctions. Client shall not, directly or indirectly, facilitate giving a sanctioned country or entity access to the Coalfire products and information. Client represents that it is neither located in, nor a resident or national of, any prohibited country or region, and that Client is not a sanctioned person or entity named on a U.S. or other government list (including lists published by the U.S. Government, European Union, and United Nations).

15.4 Force Majeure. Neither party will be liable for any failure to perform due to circumstances beyond its reasonable control, including without limitation, acts of God; acts of government; natural disasters; fire; civil unrest; acts of terror; pandemic; labor problems (other than those involving such party's employees); Internet or telecommunications failures; or cyberattacks. A force majeure event will not include a party's financial inability to perform its obligations. If any force majeure event occurs, the affected party will give prompt written notice to the other party and will use commercially reasonable efforts to minimize the impact of the event. Dates by which performance obligations are scheduled to be met will be extended for a period equal to the time lost due to any delay caused by a force majeure event.

- 15.5 Relationship of the Parties. In providing the Services, Coalfire is acting as an independent contractor. Neither Party shall be deemed a joint employer of the other's employees, and each Party shall be responsible for any and all claims by its employees except for those caused by the other Party directly or as a result of an employee's presence in the other Party's premises. Nothing in this Agreement or any Service Order shall be deemed or construed to create a joint venture, partnership, fiduciary or agency relationship between the Parties for any purpose. Neither Party will have the power to bind the other or incur obligations on the other Party's behalf without the other Party's prior written consent.
- 15.6 Non-Solicitation. Neither Party shall solicit, offer work to, employ, or contract with, directly or indirectly, on its own behalf, any of the other Party's Personnel or the Personnel of its Affiliates during their participation in the Services or during the twelve (12) months after the conclusion of such Services. For the purposes of this Section 15.6, "Personnel" includes any individual or company a Party employs or has employed as a partner, employee or independent contractor and with which a Party comes into direct contact in the course of the Services. If a Party breaches this Section 15.6, the breaching Party shall pay compensation to the non-breaching Party in the form of liquidated damages equal to the greater of one (1) year's compensation either (a) offered to the Personnel by the breaching Party or (b) paid or offered to the Personnel by the non-breaching Party. However, this Section 15.6 shall not apply to Personnel who independently respond to indirect solicitations (such as general newspaper advertisements, employment agency referrals and internet postings) not targeting such Personnel.
- 15.7 Subsidiaries and Subcontractors. Coalfire may use its subsidiaries and/or subcontractors to perform the Services. Any act or omission by a subsidiary or subcontractor is deemed an act or omission of Coalfire. For certain Services, a subsidiary of Coalfire is required to be a party to the Agreement as evidenced by their signature on the applicable Service Order.
- 15.8 Waiver and Severability. No failure or delay by either party in exercising any right under this Agreement will constitute a waiver of that right. All waivers must be in writing and signed by the party granting the waiver. The waiver by a party of any of its rights or remedies in a particular instance will not operate as a waiver of any subsequent event or breach by the other party. If any provision of this Agreement is deemed invalid, illegal or unenforceable, that provision will be restated so that it is enforceable to the maximum extent permissible under law and is consistent with the original intent and economic terms of the invalid provision. The remainder of this Agreement will remain valid and enforceable in accordance with its terms.
- 15.9 Assignment. Neither party may transfer or assign any of its rights or delegate any of its obligations under this Agreement, in whole or in part and including any transfers by operation of law, without the prior written consent of the other party. However, either party may transfer or assign this Agreement in its entirety without the consent of the other party to an Affiliate or in connection with a merger, acquisition, and corporate reorganization, sale of all or substantially all of its assets or a similar transaction. Any attempted assignment or transfer in violation of this Section will be null and void. This Agreement will be binding on and inure to the benefit of the parties and their respective permitted successors and assigns.
- 15.10 No Third Party Beneficiaries. No term or provision of this Agreement is intended to be, nor will be, for the benefit of any person, firm, organization or corporation not a party hereto, and no such third party will have any right or cause of action hereunder.
- 15.11 Order Of Precedence. In the event of any conflict among the terms of this Agreement, the following order of precedence will apply: (i) this document and any amendments signed by both Parties, (ii) the Service Order; and (iii) the Service Description or any document referenced but not signed by both Parties. If there is a conflict between the terms of this Agreement and a Service Order, the terms of this Agreement will apply except where the terms of the Service Order specifically state otherwise. This Agreement and each applicable Service Order prevail over any conflicting or additional terms of any purchase order, ordering document, acknowledgement or confirmation or other document issued by Client, even if signed and returned by Coalfire.

- 15.12 Survival. Any provision of this Agreement which is intended to survive expiration or termination will survive, including, without limitation, confidentiality, personal data processing, restrictions on use of intellectual property, indemnity, limitations on liability and disclaimers of warranties and damages, governing law, and Client's payment obligations accrued prior to termination.
- 15.13 Language. The parties intend for the language of this Agreement to be American English. Any translation is for the purpose of convenience only. If this Agreement or any applicable Addendum is translated in any language other than the American English language, then in the event of a conflict between the American English language version and the translated version, the American English language version shall prevail in all respects.
- 15.14 Notices. Unless otherwise stated, any notice or other communication provided under this Agreement will be in writing, addressed to each party as identified and at the address set forth below, and shall be considered given: (i) when delivered personally, (ii) five (5) days after mailing, when sent certified mail, return receipt requested and postage prepaid, (iii) upon receipt when sent via a commercial overnight carrier, fees prepaid, or (iv) upon receipt to the email address provided below.
- 15.15 Counterpart Copies. This Agreement may be executed in multiple counterparts, by original, email or facsimile signature or via other electronic signature, each of which shall be deemed an original, and such counterparts together shall constitute one and the same instrument.
- 15.16 Entire Agreement and Amendments. This Agreement, including all exhibits and Service Orders, is the entire agreement between the parties with respect to its subject matter and supersedes all prior and contemporaneous agreements, whether oral or written, relating to that subject matter. This Agreement may be amended or supplemented only by a writing that refers to this Agreement and that is signed by both parties. The titles and headings are for reference purposes only and will not in any way affect the meaning or interpretation of this Agreement.
