

CHMC Achieves HITRUST Risk-based, 2-year Certification Demonstrating the Highest Level of Information Protection Assurance

HITRUST Risk-based, 2-year (r2) Certification validates CHMC is committed to strong cybersecurity and meeting key regulations to protect sensitive data

GREENWOOD VILLAGE, CO - August 22, 2023 - Compliance leader Coalfire today completed the industry's first HITRUST version 11 validated assessment and certification for its client, Complete Health Management Corp. (CHMC), based in Orlando, Fla.

The engagement represents the first submission of a risk-based two-year (r2) Validated Assessment based on the latest update to the HITRUST Common Security Framework (CSF). The HITRUST r2 assessment is globally recognized as the "gold standard" in information protection assurance due to its state-of-the-art control requirements and level of oversight.

CHMC, a health information management firm specializing in secure and compliant disclosure and information retrieval services, demonstrates its commitment to protecting customer data for current and prospective clients. Coalfire's HITRUST r2 assessment and certification services include:

- Validation/certification
- Interim assessment
- Bridge assessments
- Coordinated assessments
- Post-certification optimization

Coalfire is a long-standing HITRUST External Assessor and one of the cybersecurity firms appointed to the HITRUST Assessor Council.

"CHMC's clients can now have confidence that their most valuable assets – their corporate reputation and vital customer data – are in secure hands," said Joe McDermott, Senior Manager at Coalfire. "HITRUST certification combines best-in-class standards from HIPAA, NIST, COBIT, and other regulatory standards and further validates CHMC's commitment to providing customers with easy-to-use, reliable, and secure collaboration while protecting sensitive information."

"CHMC is proud to play a role in shifting security and privacy to the very foundation of healthcare delivery," said Ashley Mueller-Gomez, Chief Operations Officer at Complete Health Management Corp. "Achieving HITRUST certification has opened so many doors for us. As first to market with a certification performed with the HITRUST CSF v11, we look forward to working with Coalfire as we continue to expand our business."
